603-529-2170**

January 2010

Dear Organic Farmers,

We hope this finds you doing well and enjoying the winter. Enclosed is a copy of our 2010 Commercial Growers' order form. We look forward to the opportunity to grow certified organic seedlings for your farm. You can also find a copy of this order form at: www.goodearthfarmnh.com.

Also, at that website you will find our 2010 Retail order form, with even more crops and varieties. Please use the Commercial Growers form if you want one or more full trays of the same item, and the Retail form for items of which you want less than a full tray.

The varieties we have picked are based on a combination of our own experience, your specific recommendations, talks at winter conferences and the variety descriptions in the seed catalogs. There are more and more good organic (OG) seed varieties every year and we are using them whenever possible. This year 41 out of the 74 varieties are organic seeds. We will be happy to grow other varieties of your choice, as long as you provide us with the seed. The seed must be untreated.

We have already ordered a good amount of all of the seeds listed. However, if you plan to order a large amount (e.g. 4 trays or more) of any one specific listed variety, please let us know soon. If necessary, that will give us time to put in a supplemental seed order for that specific crop. In any case, please send in your order form by February 28.

There are volume discounts available for orders received by February 28th. Please see the order form for discount details.

Thank you for considering us to grow some of your plants.

Dave and Linda

Good Earth Farm
2010 Commercial Growers Plant Order Form

Farmer _____

Farm Name _____

Address _____

Town, State, Zip _____

Phone _____ E-mail _____

Notes about the form:

- Fill in the number of flats you would like for each crop.
- Crops are not available in sizes marked with “xx.”
- Please order full trays only – no half trays. Please use the retail plant order form for smaller orders – thanks.
- Fill in the date you will pick up that crop. We will work backwards from this date for every crop that you order and plant accordingly.
- If you would like to have multiple or succession crops of a particular item, please use the blank form at the end and specify the different pickup dates.
- Please give us a call (529-2170) to arrange a time for you to pick up your plants.
- Order deadline is February 28.

Payment Options:

- Please send a 20% deposit with your order. This will help us meet the early season costs. Make checks payable to Good Earth Farm. Thanks!

Discounts will be available only for orders received by February 28th.

- Over \$ 300 = 2% discount
- Over \$ 600 = 3% discount
- Over \$1,000 = 4% discount
- Over \$2,000 = 5% discount
- Over \$3,000 = 6% discount
- Over \$4,000 = 8% discount
- Over \$5,000 = 10% discount

Growing notes: All 72 cell flats of lettuce and spinach will be directly sown into those cells and sold 4-5 weeks after sowing. All alliums will be directly sown into their 50 or 72 cells in early March with 3 or 4 seeds per cell. Alliums will be top dressed and pruned once or twice as needed. All cucurbits will be directly sown into the final sale pack. All other plants will be sown into 128 cells and transplanted into their final sale pack.
