Do you have vegetables especially good for growing in containers or baskets?

Yes! We have three new varieties this year that are good for containers.

Cucumber – Lemon *Eggplant* - Little Fingers *Cherry Tomatoes* - Cherry Falls

Helpful Information

Tomato information

Det. = Determinate -- stake or ground culture, do not prune, short harvest period

Ind. = Indeterminate -- stake, cage, trellis and/or prune, long harvest period

Photos of each variety: At our website we have an interactive version of this order form.

If you click on the blue underlined words for any variety, you will link to photos and descriptions of that variety at the seed catalog website we ordered our seed from.

Seed Company Codes

JSS = Johnny's Seeds

FED = Fedco Seeds

HMS = High Mowing Seeds

HAR = Harris Seeds

HUD = Hudson Valley Seeds (*New!*)

Are there any crops or varieties you would like us to add?

This year we added over ten new varieties based on your suggestions!

Notes on Varieties and Tips for Growing a Great Garden

On our website, there are notes about specific varieties and tips on how to grow different crops. These are from our own experiences, and also what we have learned from other gardeners (like you! Thank you!). Look for the *Dave and Linda's thoughts* section on the website: www.goodearthfarmnh.com

What happened to my favorite variety? It is not on the list this year.

Sometimes the seed companies have seed failures. Sometimes sales are slow and we decide to add something new in its place. Let us know if you want us to bring something back!

Pickup Dates: Friday, May 26 through Monday, May 29 from 9 am to 5 pm.

What if I am gone Memorial Day weekend? Call us at 529-2170 if you can't make it to the farm over Memorial Day weekend. We would be glad to hold your plants for you.

If possible, please send your order in by February 28. Thank you!
